SUPERIOR COURT NOTES

A resume of the calendar day proceedings in the Superior Court on Monday is as follows:

In Judge Seawell's department the final account of the estate of Walter S. Fritsch was settled and distribution ordered. Mr. Fritsch was a well known resident of Petaluma.

The hearing of the motion for a new trial was set for 3 o'clock Monday in the case of Roberts vs. Forsyth.

The suit of Rayner vs. Rayner was set for October 4.

The final account was settled and allowed in the estate of Jane A. Ingalls.

These matters were continued: Woods, et al. vs. Davis et al., Cassassa vs. Whitney, to September 30.

The suit of Gross vs. Hardin was submitted.

The suit in condemnation of a right of way brought by the County of Sonoma against Birdie E. Miller, was set for trial for October 10.

The suit of Hobson vs. Mishima was reset for trial for October 7.

In Judge Seawell's department the demurrer was sustained and ten days allowed to amend in the suit of J. P. Guerin vs. the Merritt Fruit Co. This is a claim for commission as a prune buyer.

These matters were set for trial: Pittman vs. Pittman for September 25; Cordano vs. Wright et als., for September 26.

Frank L. Blackburn was named administrator on the estate of Mercy Ransom.

The final accounts were settled and distribution ordered of the estates of Frank Leisen and W. J. Norman.

Frank K. Lippitt was named administrator on the estate of George Wereley in a bond of $3,000.

The petition to sell personal property of the [illegible]dgens in Miranda was granted. [illegible]

These probate matters were continued: Estates of George W. Titus and Jean Couralet, to September 30.

Cured Hay Fever and Summer Cold

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. L. S. Simmons.

Forest fires have been raging in sections of the Joaquin valley this week and much valuable timber has been destroyed in the hills.

Yields Big Revenue

Controller Nye said Tuesday that the law passed by the last legislature requiring every sportsman to take out a license before going afield was proving to be a money maker. He has already received $9,745.33 from [illegible] counties and the state fish and game commission.

Of Interest to Many

Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. L. S. Simmons.

Healthy kidneys filter the impurities from the blood and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. L. S. Simmons.

Solano county is making a grain record this year which beats all previous records.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents bright's disease and Diabetes. L. S. Simmons.

OUR LOCAL ARTIST

Since Samuel Dakin painted the beautiful drop curtain for Mayflower Hall at Glen Ellen, the public has begun to recognize him as an artist with a future.

The subject of the picture is an ambitious one, embracing a magnificent view of Sonoma Mountain from O'Donnel Park. Sonoma creek makes a graceful bend at this point, rushing over the rocks into the broad and smoothly flowing stream in the foreground, giving the appearance of a junction of two creeks. On the left is a little hill, with a graceful group of native trees. One can imagine the foaming upper reaches of Sonoma creek, alive with the sportive trout and salmon, and there is a hint of exquisite ferns and dainty flowers in the various secluded nooks that are suggested. Since this canavs was painted the winter floods have washed out hill and oaks, so that the view will never be the same.

Mr. Dakin has a smaller canvas of Sonoma Mountain on exhibition in the art store of S. M. Hall of Santa Rosa, and several other pictures. A smaller picture of Sonoma Mountain has attracted a great deal of attraction and it has been suggested that it would make a fine gift for the Santa Rosa free library if some capitalist were moved by a generous spirit. Another Dakin canvas is a study of the rapids in Yosemite Valley. Another is a Sonoma roadway with natural foliage grasses and a peculiar sky effect.

Mr. Dakin does most of his sketching early in the evening or late in the afternoon, and has a fine eye for color. He works rapidly and has the happy faculty of transferring elusive lights and shadows to the canvas.

While Mr. Dakin has made a special study of creeks and roadways, with an old fence, building or group of trees for a strong contrast, two studies of sheep show a strong talent for animal life and he has several fine sunsets. A large composite painting, executed by the facile brush of Mr. Dakin, harmoniously blends bits of Sonoma, Marin and Santa Clara scenery, thus cleverly imitating famous artists in the evolution of an ideal picture.

Mr. Dakin has just leased Loreley cottage on the north side of O'Donnell avenue, which he has fitted up with a fine studio, twelve by twenty-two feet, where he has a strong north light and more room for his pictures. He is thoroughly in love with his art and yet is quite modest in his estimate of the value of his canvases. In fact, until people begin to admire them and ask prices, he had not thought very much of the commercial side of art. Now that there is a demand for his pictures, Mr. Dakin has become a worthy son of Bohemia and any one may be proud to own a Dakin canvas.—Republican.

Mr. Dakin also painted the drop curtin in Union Hall, Sonoma, and it has been remarked by all who have seen it, that it is far superior to the work usually found in threatres outside of large cities.

The way to get rid of a cold, whether it be a "bad cold" or just a little one, is to get it out of your system through the bowels. Nearly all cough cures, especially those that contain opiates, are constipating. Kennedy's Laxative Cough syrup contains no opiates, and acts gently on the bowels. Pleasant to take. Sold by L. S. Simmons.

Green grapes are bringing $2000 a car in the Fresno district and from 11 to 12 cars are going forward daily from Fresno.

Tired mothers, worn out by the peevish, cross baby have found CASCASWEET a boon and a blessing. CASCASWEET is for babies and children, and is especially good for the ills so common in hot weather. Look for the ingredients printed on the bottle. Contains no harmful drugs. Sold by L. S. Simmons.

The vineyards of Napa county never promised better returns than they do at present.

DeWitt's Carbolized Witch Hazel salve is good for boils, burns, cuts, scalds and skin diseases. It is especially good for piles. Sold by L. S. Simmons.

Editor and Proprietor.

Advertising rates will be furnished on application.

Address all communications to the SONOMA VALLEY EXPOSITOR, Sonoma, Cal.

This paper is kept on file at all the leading advertising agencies in San Francisco where contracts may be made for it.

Communications on all matters of local interest will be received with pleasure but published at the discretion of the editor. The signature of the writer must invariably accompany such communications, not necessarily for publication, but as a guarantee of good faith.

SUBSCRIPTION RATES:

If not in advance	2.00
Six Months	1.00
Three Months	50

Entered at the Sonoma Postoffice as Second-class matter.

FRIDAY SEPTEMBER 27, 1907.

That So-Called Salary

The proposition advocated in the Expositor, of giving the Marshal of Sonoma a salary instead of a pittance for his services, has met with almost unanimous approval by the citizens of this city. There is no doubt that if put to a vote, 99 per cent of the voters and taxpayers would favor the idea of having a salary attached to the office of City Marshal. Fifteen dollars is no salary and is just enough to belittle the office and cast discredit on the municipality.

It is now up to the city trustees to correct the injustice and carry out the wishes of the people whom they were elected to serve.

A Suggestion

A patron of the local post office has suggested that the letter drop be placed elsewhere than under the general delivery window. Most offices have the drop box to one side and it seems much better to have it so, as those calling for mail are not then disturbed by those mailing letters and packages.

HEAVY PUNISHMENT

It comes high, as it should, to adopt the dastardly method of killing fish by putting dynamite in a stream. Alfred Santini has ascertained this and it should be a warning to others.

Santini appeared before Judge Seawell in the Superior Court on Wednesday morning and was sentenced to pay a fine of $350, in default of payment to serve 175 days in the county jail. He will do time. Santini was convicted of the offense by a jury. He denied that he was guilty, stating that he arrived on the scene of the dynamiting after one Narcisco, now serving 150 days, had done the deadly work. His story was not believed by the twelve men composing the jury.

Delinquent Corporations

Governor Gillett has issued a proclamation giving the names of over 4,000 incorporations in California that are delinquent in the payment of the license tax provided under an act of the legislature, and which are declared delinquent. Unless the tax is paid with a penalty or $10 on or before 4 o'clock of November 30th the corporations will be barred from doing business in the state. The local companies deliquent include the following in this county:

Bellevue Cemetery Association, Bodega Creamery, Duncan's Mills Land and Lumber Co., Healdsburg Mill and Lumber Co., Hilton Brick Co., Petaluma Athletic Club, Santa Rosa Undertaking Co., Santa Rosa Milling and Construction Co., Santa Rosa Lumber Co., Sebastopol Mutual Building and Loan Association, Woodmen of the World Hall Association of Santa Rosa, North Pacific R. R. Co., Pacific States T. and T. Co., Northwestern Pacific Ry. Co., Sonoma Valley Interurban Co., Sonoma and Lake County Ry.

El Verano Bridge Opened

The fine new steel bridge across Sonoma and Agua Caliente creeks between Verano station and El Verano, has been completed and is now open for traffic, and is a great convenience to the traveling public.

The Veterans' Home in Napa county has over four thousand chickens in its poultry yards.

W. P. P. & P. CO. MEETING

The annual meeting of the stockholders of the Weaver Patent Power and Pump Co., was held at the factory in El Verano yesterday afternoon. Encouraging reports were received showing the affairs of the company in good condition.

The following directors were chosen for the ensuing year: L. L. Lewis, J. K. Bigelow, A. W. Weaver, A. D. Graham, H. Lauen. The new Directors will meet tomorrow afternoon at one o'clock to organize by electing a president, secretary and treasurer.

Death of Mrs. Fischer

Mrs. Magdalena Fischer passed away in Sonoma last Saturday at the age of 63 years. Deceased was the mother of Mrs. Albert Kerner of this place and highly esteemed by all who knew her. She was a native of Loerrach, Baden, Germany, and had resided in this valley for many years.

The funeral took place from the Kerner home east of town last Monday and was largely attended by many friends and relatives who gathered to pay their last respects to this estimable lady. Interment was in Valley Cemetery.

COOK PLACE SOLD

J. W. Cook has sold his fine little place east of town to Mr. M. Vigne of Marysville, who will take possession next week. Mr. Cook and family will move to Napa where they have purchased a new home near that city. Mr. and Mrs. Cook have made many friends during their residence here, who will be sorry to lose them but will wish them happiness and prosperity in their new home.

Killed in Accident

Mrs. Margaret E. McLaughlin of San Francisco, widow of the late Dr. M. M. McLaughlin, a practising physician of Sonoma many years ago, was killed in that city last Friday in a collision of a trolley car with a freight engine.

Deceased was a native of Ireland, aged 49 years and leaves four children Dr. Alf. McLaughlin, well known in Sonoma, is a stepson of deceased.

NEW FRUIT STORE

W. S. Spencer has started a new line of business in his store on Broadway. He now carries in stock a choice selection of fruits and vegetables, also fresh fish on Wednesdays Thursdays and Fridays. He delivers orders free and promptly. Everything about the store is neat, clean and up to date. Read his new ad in this issue.

Foiled Would-Be Robbers

The Southern Pacific station at Kenwood, was attacked Thursday night of last week by two men, who were scared away by Station Agent L. D. Gregory with a revolver before entrance was gained. The officers are looking for two men who were put off the evening northbound train at El Verano.

Laundrymen Combine

The following local Celestial cleaners have decided to combine their labors in a business way and have formed a co-partnership for the conduct of a laundry in Sonoma:—Ng Long, Ng Wong, Ng Quong Lung, and Ng Tai Lung. They will move from their present locations on First St. west, into the new Emparan building on Spain St., which was built especially for them.

It is presumed that "Ng" stands for "Mr." and does not carry the usual American signification.

SCHOOL OPENS MONDAY

All danger from contagin having passed, the City Board of Health have rescinded their order closing schools, churches, and forbidding public meetings. The local schools will reopen next Monday, Sept. 30, for the remainder of the Fall term.

Resistant Stock

Leopold Justi, the experienced viticulturist of Glen Ellen, is doing a large and successful business in importing the finest varities of resistant stock from France. Read his new ad in this paper.

Death of Mrs. Laura Becker

Mrs. Laura Becker, a native of Germany, aged 65 years and 2 months, passed away Wednesday at the home of her daughter, Mrs. Geo Gies on Spain street.

Deceased had been ailing for some time but had endured her trying illness with true christian fortitude. Everything was done to alleviate the patients suffering but to no avail. Mrs. Becker was for many years a residence of San Francisco and had many friends who will learn with deep regret of her demise.

The remains were shipped Wednesday afternoon to San Francisco where the funeral will be held today.

Meet Opposition

"Some are taking to it kindly, and are preparing for vaccination; others are not, and are raising many objections I am afraid that there will be considerable trouble in some instances," said County Superintendent Montgomery when asked concerning the enforcing of the vaccination law in the public schools of Sonoma county.

In November a report has to be made to the State Board of Health regarding the number of school children who are then unvaccinated and the number who have complied with the law. Some of the trustees are already taking steps for the purchase of the virus for the inoculation of the children who have not been vaccinated.

Kiser-Jacober Wedding

At St. Francis' Church, Sonoma, last Saturday morning at 7:30 o'clock, Miss Matilda Kiser was united in marriage to Mr. Carl Jacober, a horticulturist of this valley.

The bride is a well known and popular Sonoma Valley girl whose many friends extend heartiest good wishes. The groom is at present employed at the Hall place below town. After a brief honeymoon trip, Mr. and Mrs. Jacober will reside in the lower part of the valley.

Dropped Dead

Thos. A. Proctor, for years the Wells Fargo Agent in Santa Rosa, dropped dead at a dance there last Friday night. The funeral took place there on Monday.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. L. S. Simmons.

NOTICE

Having disposed of my interest in the Garibaldi House, east of the plaza, Sonoma, to Benone & Co., I take this opportunity of thanking my friends and patrons for their liberal patronage in the past and bespeak for my successor the same generous treatment accorded me.

Very Respectfully
E. MARZO.

Nurses Wanted

Intelligent young ladies wanted at the Santa Rosa Hospital to enter the training school for the profession of nurse. Young ladies with a high school education preferred. We refer to Dr. A. M. Thomson, Sonoma. For particulars, address Santa Rosa Hospital, 741 Humboldt street, Santa Rosa, Cal. tf

Grape Picking to Begin

Hop picking was finished in the Sonoma county yards at the end of last week. Grape picking will soon occupy the attention of the growers. In Sonoma and Napa counties it is estimated that the crop is one-third less than it was last year. The association is paying from $20 to $22 per ton. The Simi Company of Healdsburg paid as high as $28.50 last week for some lots of fine grapes and bought a large quantity at $28. They have a large winery in Healdsburg.

Never before in the history of the county have the hops been picked as clean as they have this season. Some 15,000 people have been employed.

Framed pictures, all sizes all prices, selections unequaled at Petaluma Furniture Co., 805 Kentucky St., Petaluma.

Case Dismissed

The preliminary examination of E. L. Morrison charged with the murder of Ed. Passalacqua at Healdsburg, was held last Friday and after hearing all of the evidence Justice Raymond decided that the evidence was insufficient to hold the accused for trial before the Superior Court and he was therefore given his freedom.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formulæ and other untruthful statements published concerning Doctor Pierce's World-famed Family Medicines, the Doctor has decided to publish all the ingredients entering into his "Favorite Prescription" for women and his equally popular tonic alterative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native roots, of rare medicinal value. The ingredients of the "Golden Medical Discovery" being Golden Seal root, Queen's root, Stone root, Black Cherrybark, Mandrake root and Bloodroot. The "Favorite Prescription" is prepared in a similar manner, from Blue Cohosh root, Lady's Slipper root, Unicorn root, Golden Seal root and Rattleweed root, these ingredients being macerated for a long time at a rather high temperature in a menstruum composed of chemically pure glycerine, of proper strength. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active, medicinal principles residing in the ingredients employed, and this, too, in such form and combination as to keep unchanged in any climate. Thus the use of alcohol is entirely avoided.

PROOF POSITIVE.

Without solicitation, Mrs. H. Harrisen, of 112 West 2d Street, Sioux City, Iowa, wrote us as follows:

"I suffered for more than seven years with a very complicated form of female trouble accompanied with nervous prostration, and after doctoring with six physicians (all bearing excellent reputations), was informed that unless an operation was performed I would be an invalid all my life. Hearing of the wonderful cures effected by Dr. R. V. Pierce's remedies, and believing that there must be a cure for almost every ailment, I determined to make one more effort. I wrote to Dr. Pierce, and I will never forget his kindly advice, telling me to follow his instructions faithfully and not to submit to an operation. I commenced to improve after six weeks' treatment, and in five months my improvement was so noticeable to friends that they began to inquire about my method of treatment. I was pleased to tell them of the wonderful means of cure that I had most fortunately found, and, as so many ladies applied to me for information regarding Dr. Pierce's world-famed medicines and his plans of treatment, I felt in duty bound to give them the benefit of my experience, so, told them the facts. The large number of positive cures effected by Doctor Pierce's remedies alone, used by my recommendation, seemed, in one year's time, nothing short of a miracle. I couldn't have believed it had I not seen the parties and known the facts."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists. **Pellets.**

HORSES AND HORSEMEN

Where is the great crop of colts that the prophets told us would mature in 1906? When horse breeding began to breathe again in 1898 and to become general in 1899, expanded in 1900 and still more largely followed in 1901, we were assured by many seers with owl-like wisdom that by the year of grace 1906 there would be a plethoric oversupply of horses and that prices would once more have fallen below the point of profit. Now, here we are in that year. Prices are on the highest level, take them all through, ever known, and the shippers are hunting high and low, wearing out shoe leather in great quantities and, though seeking many horses, finding few. Obviously the prophets have erred somewhere. They are now without honor in any country so far as the horse business is concerned, says Breeder's Gazette.

The present horse market looks awful good to the man up a tree. Thousands of four-year-olds that are not yet "hard horses" in the language of the trade, and therefore not fit to turn to work in city streets, are being sold each week in all the great marts, a great many three-year-olds are being marketed, and even two-year-olds are passing through the auction sales at all of the leading centers of trade.

Farmers' Horse Company.

The German coach stallion Arnulf is owned by a company of farmers in Monroe county, N. Y. John G. Gascoign, who manages the horse, sends Rural New Yorker the following facts:

"He is owned by the Hamlin Horse Stock company and was purchased by them June 1, 1905; price $3,000. The company is composed of fifteen members, each with a share of $200. It is organized with a president, John Martin; secretary, D. R. Singleton; directors, five in number, John Gascoign one of the directors and managers. The horse is kept by Gascoign at so much a year. In selecting that breed we thought we could improve the stock for general purposes and get some heavy coach horses. They are better travelers than the Percheron, more active and heavy enough for all farm purposes. His weight now is 1,475 pounds; he stands 16½ hands high, a beautiful brown in color. He is a very active horse, but kind and gentle so far."

Keen Horse Market.

Every good horse that comes to this market, whether he is a saddle horse, carriage horse or some other type of harness horse, is more eagerly sought and sells for a higher price than at any period in the history of the New York horse market. The same market conditions exist now that have obtained all winter. Dealers continue to scour the breeding districts from Maine to Georgia and from the Atlantic coast to the far northwest in search of suitable material for this market, and still the demand exceeds the supply many times over, writes the New York correspondent of Breeder's Gazette.

Light Harness Horse Association.

Texas horsemen recently organized at Dallas the Texas Light Harness Horse association, with Colonel Henry Exall president and J. J. Miller, Dallas, secretary-treasurer. Initiation fee $5 and annual fee $5. Colonel Exall in his address advised horsemen not to let the temptation of a price part them from their very best, but to keep it for breeding. He believes better prices are in prospect than for many years past.

The Morgan Horse.

During the meeting of the Vermont Morgan Horse Breeders' association at Middlebury, Vt., Mr. Rommel of the national bureau of animal industry outlined the proposal of the federal government relative to the establishment of an experimental station at Burlington for the purpose of breeding a type of the Morgan horse that is demanded by American gentlemen. He paid Vermont a splendid compliment in saying it was his personal opinion that outside of Kentucky no handsomer or more finished horses are to be found in this country than there.

The remarks of several speakers were unanimous that the demand today is for a type of horse embodying the characteristics of the early Morgan, with the same firm endurance and beauty, but a trifle heavier and fifteen and one-half hands tall rather than under that height.—Horse World.

The Peculiar Frigate Bird.

The frigate bird is a native of tropical seas and rarely comes to land except during the breeding season. It has the habit, unusual among sea birds, of nesting in trees, large companies of them building together in the tops of the tallest mangroves. Like the cormorant and the albatross, the frigate bird lays but one egg. It lives by fishing and also by robbing other fishers of what they have caught. In plumage the frigate bird is brownish black, with metallic green and purple reflections. The dilatable throat sac in the male is of bright scarlet, while the female, of a duller general hue, has a white patch on the breast. It is a beautiful sight to watch one or more floating overhead against the deep blue sky, the long forked tail alternately opening and shutting like a pair of scissors and the head, which is, of course, kept to windward, inclined from side to side, while the wings are to all appearance fixedly extended, though the breeze may be constantly varying in strength and direction.

Fishskin Lanterns.

The puffer or swell fish has the power to distend itself with air into the shape of a globe. Japanese living in the Hawaiian Islands make of the skin of the big puffer found in Hawaiian waters an odd and grotesque lantern. When the skin of the big puffer has been first removed while it is still soft it is stuffed out to its full size in globe shape and so left to dry. The skin is not much thicker than paper and transluscent brown on the upper part and gray below. The fins are preserved and dried sticking out from the fish, the tail being perked up at an angle. A circular opening is made in the back, through which the light can be placed and in which is set horizontally a hoop or rim by which the lantern can be suspended. Such a lantern made of a big puffer's skin may be a foot in diameter crosswise and fifteen inches in length, and what with the head of the fish appearing at one end and the perked up tail at the other and the fins projecting at the sides this fish skin lantern makes a very curious object.—New York Herald.

GAME LAWS

The close season for deer begins October 15th. Open season for quail begins October 15th. The open season for gray squirrels began September 1st and will close January 1st. Twelve squirrels is the number one person may take during one season. Gray squirrels have been protected for the past three seasons.

The New Pure Food and Drug Law

We are pleased to announce, that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. L. S. Simmons.

Extract from a British schoolboy's essay on how England colonizes: "I will tell you how England obtains her colonies. First she sends out her missionaries, and they look about for the best land. When they have found it they call the people to prayer, and when their eyes are fast shut, up goes the union Jack."

A recent writer says the need of the day is a new type of driving horse that won't climb telegraph poles when it sees an automobile

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go uncared for, will develop into a case of dyspepsia that will take a long time to get rid of. Don't neglect your stomach At the first indication of trouble take something that will help it along in its work of digesting the food you eat. Kodol for indigestion and dyspepsia will do this. Kodol will make your food do you good and will enable you to enjoy what you eat. Sold by L. S. Simmons.

A near-philosopher says cold feet are not as dangerous as hot heads. But that will depend upon whether cold feet attacks one in the middle of the track.

There are a great many people who have slight attacks of indigestion and dyspepsia nearly all the time. Their food may satisfy the appetite but it fails to nourish the body simply because the stomach is not in a fit condition to do the work it is supposed to do. It can't digest [illegible] you eat. The stomach should be given help. You ought to take something that will do the work your stomach can't do Kodol for indigestion and dyspepsia, a combination of natural digestants and vegetable acids, digests the food itself and gives strength and health to the stomach. Pleasant to take. Sold by L. S. Simmons.

The county line between Placer and Nevada county is being established by a corps of engineers.

DeWitt's Little Early Risers are good for any one who needs a pill. They are small, safe, sure, little pills that do not gripe or sicken. Sold by L. S. Simmons.

In Mendocino county prune trees are being dug and vines planted in their place.

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition Safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for $1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purhase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County Ohm's Sulphur Springs, Sonoma
